WILL OPEN TOWN LOTS IN WAIMEA

Sale of Land For Homes Will Take Place in : February

Land Commissioner Pratt has just ceived the completed surveys ands in the village of Walmes, Hawall, which will shortly be opened township lots. This is being done at the request of residents of Walnea, men who are employed on the Parker ranch and other places in the vicinity, who wish to establish homes and to have small runs on which they can keep their horses. The lots are splendidly located on the Kohala side of the stream, near the Akana

The lots, of which there will be about sixty, will range in size from two and a half to five acres, and the upset price will be low, about twendollars an acre for the land, which has been valued at \$75 an acre, and the lots will be disposed of under a special ten years' agreement of sale, under which the purchasers will be required to fence, plant trees, and establish their residences after the

Pratt stated this morning that he would take up this matter as soon as he had finished with the Kapaa-lands, and that the Waimea land sale would take place early next Febru-

PUT COLLEGE WHERE THINGS ARE GROWING

"Put the College of Hawall where things are growing, which is, indeed the greatest and most useful of all lab oratories."—John W. Gilmore, presi dent College of Hawaii.

At the annual meeting of the Farmers' Institute, held Saturday night in the rooms of the College of Hawali, President Gilmore of the institute made the above statement during the course of his explanation, relative to the establishment of the College of Hawaii in Manon,

present college is not large enough for the school and experimental work. He pointed out the desirability of lo cating the college on the Manoa land, as it is mainly used for agracultural purposes. All machinery for experimental purposes that has been bought or that is to be bought will have utility value.

admitted to the college, students hold ing diplomas from the High School Normal School and Oahu College and special students of 18 years and over rho wish to take up a special course out are not given diplomas after the ourse has been completed.

Mr. Gilmore emphasized the fact that it was necessary that a high standard of efficiency be required for entrance to the college.
